BioMax®

SPEEDFACE – 8 TM

| Face	Temperature Detection	Live Body Detection	Touch Screen	WiFi	LAN	USB	Access Control

Facial Attendance and Access Control

Storage Capacity

Face ID Capacity	1,00,000
Max Users	1,00,000
Card Capacity	1,00,000
Log Capacity	10,00,000

Speed Face – 8 Temp

"Advance Human body temperature sensor."

Features

Industrial grade design, with stable performance & smooth line

8-inch IPS display all-sight LCD touch screen.

Dual core ARM cortex – A7 @900MHz Processor

Detect human body temperature through face

Recognition speed 0.5 seconds

SpeedFace - 8 TM

Communication Interface

Communication	WIFI, TCP/IP, USB

Biometric

Push Data	YES
Remote firmware update	YES
FAR	0.001%
Accuracy ratio	99.27%
Processor	Dual Core ARM Cortex-A7 @900MHz
OS	Linux
Anti Backlight	YES
Verification time	<=1 second
Additional Feature	Temperature Detection Sensor

Audio/Visual

LCD	8.0" IPS touch screen display
Screen Resolution	800 x 1280
Camera Specification	2 MP
Shutter type	Electronic Rolling Shutter
Body Temperature display	YES

Access control

Living body detection	YES
Relay	YES
Storage	1GB RAM , 8GB ROM

Power & Environment

Operating Temperature	-10°c ~ 50°c
Environment for Temperature Measurement	22°C ~ 32°C
Temperature Measurement Distance	30cm~50cm
Temperature Measurement Range	35.5°C~42°C (95.9°F~107.6°F)
Power	12V DC / 2A
Dimension	300 X 130 X 90 mm

Auto Focus

low light Verification

Detect Body Temperature

Software
Web & Cloud

Time Attendance

Access Control

Employee Self Service

Mobile App

Certified by   RoHS COMPLIANT   CE   FC
